

El Paso Electric

2018 EPESaver Residential ENERGY STAR® Pool Pump Rebate Program

Improve Your Comfort. Save Energy.

New Mexico

CHECKLIST

Incomplete rebate forms will NOT be accepted. Did you:

- Include a copy of your dated receipt or contractor invoice that details all installed equipment information, including brand, model # and serial #?
- Include a photo of the installed pool pump?
- Complete all customer and installed equipment information?
- Sign and date the rebate?

The EPESaver ENERGY STAR® Pool Pump Rebate Program can help you reduce your energy bills by installing an ENERGY STAR® variable speed drive (VSD) pool pump with an integrated controller. VSD pool pumps operate at multiple speeds depending upon the task of filtration or vacuuming. Receive an El Paso Electric \$300 rebate for qualifying units and enjoy a refreshing dip in your energy expenses!

The Knowledge You Need.

The VSD pool pump must meet the following requirements:

- The pool pump must be a variable speed drive ENERGY STAR rated pump and have an integrated controller. For a list of qualifying VSD pump models visit www.epesaver.com for an eligibility list.
- Be installed in New Mexico El Paso Electric service territory for a residential pool.

NOTE: New construction projects are NOT eligible to receive a rebate. Two speed and multiple speed pool pumps do not qualify. Rebates are limited to one rebate per New Mexico residential household. Eligible model must be purchased within the current program year. Funding is limited and rebates are issued on a first come, first serve basis.

Participation Made Easy.

1. Select a contractor of your choice.
2. Customers may also elect to pursue an ENERGY STAR Pool Pump rebate without the help of a contractor.
3. Purchase a VSD unit with integrated controller that is ENERGY STAR rated and a model on the eligibility list. To view the current list, visit www.epesaver.com and go to the Pool Pump page for an eligibility list.
3. Once a new VSD pool pump has been installed, the EPESaver ENERGY STAR Pool Pump rebate form may be completed online or mailed along with a copy of your receipt or invoice, and a photo of the installed pool pump to the rebate processing center address. Additional copies of this application form can be downloaded from the EPESaver website at www.epesaver.com.
4. Your rebate will be mailed directly to you from EPE. Rebate checks will be mailed within 6 weeks of receiving the rebate form.
