

Weather Strips and Door Sweeps

- ✓ **REDUCE ENERGY USE**
- ✓ **REDUCE ENERGY COSTS**

Adding or replacing weather stripping or door sweeps on entrance and exit doors and movable exterior windows can eliminate gaps that allow unconditioned air into a conditioned space. Installing weather stripping can decrease heating and cooling loads, resulting in increased comfort and energy savings.

Available Incentives (\$/linear ft of installed weather stripping or door sweep)

Cooling/Heating Type	Gap Width			
	1/8"	1/4"	1/2"	3/4"
Refrigerated Cooling	\$1.25	\$2.50	\$5.00	\$7.50
Refrigerated Cooling + Electric Resistance Heating	\$4.50	\$10.00	\$18.00	\$28.00
Refrigerated Cooling + Heat Pump Heating	\$2.00	\$4.50	\$9.00	\$14.00
